

MusicTime 3 (Ages 4 to 6 Years)

MusicTime 3 is designed for the older preschooler. Children must be 4 or 5 years of age to begin Level 1. Children may remain in the program for Levels 2, 3, and 4. Each level is progressive and builds on the foundation of previous instruction. Each level is designed for fourteen-week commitment, meeting once a week for one hour. Lessons make use of a variety of musical activities to awaken your child's imagination and to enhance language development, symbolic thinking, motor skills, and social interaction. Classes are limited to 12 students in order to ensure personal attention and maximum participation. A parent or caregiver who can participate in class activities must accompany the child to class.

Stories, songs, listening and movement activities center around the theme of 'Home Environments.' Materials include a CD of songs, stories, and games presented in the classes, several miniature posters of various home settings, instrument and ensemble pictures, and notation cards. In levels 3 and 4, children explore styles of music and characteristics of other cultures. A glockenspiel is also used as the musical instrument for all children participating in MusicTime 3.

This MusicTime series of classes is a readiness for whatever musical direction the child will take later—piano instruction, singing in a choir, participating in movement classes, or joining an instrumental ensemble. Many veteran parents enrolling children in these early enrichment classes have commented that subsequent private lessons were very successful.

Program Fees for MusicTime 3

Tuition and Materials for Level 1: \$300.00

Tuition for Levels 2, 3, & 4: \$265.00

(Children joining Music Makers at Levels 2, 3, or 4 must purchase a Glockenspiel.)
